Selections of foreigners

At present, there is no provision for the creation of continental selection tournaments.

Foreign players must express their intention to participate by April 30, 2019. The names must be indicated by the federations to which they belong.

Exceptionally, individual players can be considered if there is no federation to which they belong.

In the event of an excess of requests with respect to the available places, a choice will be made on the basis of the following criteria:

Reigning World Champions (FMJD and WCDF)

- The best WCDF evaluation order at 30 April 2019, in the alternative the FMJD Volmac, and the international and national titles won;
- The second player on the continent will be selected by evaluating the best Volmac evaluation order of the FMJD as of 30 April 2019, in the alternative the best WCDF rating, and the international and national titles won, but favoring in the case a player of a continent / nationality other than those already represented.

Reserves of foreign players

If a player is already selected, renunciation of participation by 31/12/2019 will be replaced based on continental availability.

Any subsequent waivers of the data of 31/12/2019 may also be replaced by lists of other continents, preferably from the European area, if time permits.
